PROPOSAL FOR HOUSEKEEPING SERVICES

Dear Sir,

HOUSEKEEPING IS NOT ONLY A BROOM STICK OPERATION

Housekeeping mean is.

THE RIGHT THING IN RIGHT MANNER IN THE RIGHT WAY.

OUR UNDERSTANDING OF THE ASSIGNMENT

We will provide the comprehensive housekeeping service at your premises. The above contract includes all the room, Toilets, Window, Reception Area etc.

SCOPE OF WORK

The scope of work would encompass cleaning the premises so that the whole premises from the entrances onwards is clean and is presentable at all times.

Our company is giving mechanized cleaning with a right mix of traditional skills contemporary gadgets to achieve optimum results

The housekeeping services will be of a comprehensive nature as under:

- (a) Cleaning of whole premises including open area.
- (b) Cleaning, wet moping, drying, dusting etc of the furniture & fittings etc.
- (C) Cleaning of the window panels, door panels etc.
- (d) Any other cleaning requirement that may arise.

OUR APPROACH TO THE ASSIGNMENT

Our approach to the housekeeping assignment of this nature is to ensure both visual and hygienic cleaning of the premises at all the time. The cleaning work is carried out on a composite daily and weekly cleaning basis.

DAILY CLEANING

The cleaning routine shall be as per the mutual convenient times so that the staff and others are not put to in convenience. The general cleaning routing comprises cleaning the premises both in the morning in the evening. The work is divided between two routine cleaning so that the premise is ready for occupation at the commencement of the office hours.

WEEKLY CLEANING

As a complimentary and composite services, the weekly cleaning is undertaken on a holiday when the premises are closing during which the whole premises is thoroughly cleaned from ceiling to flow. During this time the premises is washed. Dried dusted including all over fitting, windows door panels, partitions, are given through cleaning.

TOILET AND WASH AREA

We pay special attention to those areas as they are prone to unhygienic condition if not cleaned properly. All the urinal stands, toilet bowls wash basin etc. are cleaned with disinfectants, dried and kept hygienic at all time. We have trained staff to cleaned windows from inside as well as out side. In supervisory professional way to protect our people, we take a separate insurance for the said workers. To further protect our clients interest we a third-party Insurance.

VERIFICATION

After in – house verification is carried out immediately after selection and consists of checking the residence and references. Simultaneously police authorities are approached for verification by the state /district police in his native town/city.

ADMINISTRATIVE & OPERATIONAL RESPONSIBILITIES

We shall be liable for all the administration and operational responsibilities on all the manpower employed on the premises by us. We are duly registered with PF & ESI authorities and are following all the rules and regulations framed from time to time.

DISCIPLINE

In order to ensure proper discipline and maintain work efficiency at optimum levels, it is our policy to transfer the staff from assignment at random intervals. Hence the same personnel will not be available at the premises at all the time .However , such transfer of staff will be so adjusted that there is no decline in the standards of work, the person given in lieu are trained and hence no slippage of work is possible.

MATERIAL

We use only the very good material for our services. The materials used are standard products designed for specific cleaning work.

CONCLUSION

We thank you for consideration for this assignment and assure you of our co-operation all the times. In case you need any additional information, please do not

hesitate to contact us for personal discussion at your convenience. All the work would be carried out to your satisfaction.

*Thanking you in anticipation,
Yours Truly,*

PROPOSAL FOR ROAD SAFETY SERVICES

Lukshay Enterprises was formed in the year 2015 to manufacture rotational moldings products for household, commercial, safety and industrial applications.

Today API's product line includes – plastic water storage tanks, diesel storage tanks, chemical storage tanks, material handling containers, road safety goods, plastic dustbins & plastic portable toilets, many more..

Over the year brand “**Lukshay**” has become famous with many of the leading road projects, municipal corporations, commercials and hospitality establishments.

At Lukshay polymers india we use some of the best roto moulding machines for our moulding process

Our four arm independent moulding machines give us the flexibility to mould part as a 5 lts drum upto 5000 lts tanks.

Complex shape and varied sizes are moulded with complete temperature control monitoring systems Back end operations are supported by a

pulverizing machine with complete flow analysis and dry flowcarried out at our in housing testing facility

Regular testing of product is carried out by in house trained staff to meet global standers of product quality

We have in house tool shop where in we carry day to day repair and maintains of our moulds

Our knowledge in design mould selection , polymer selection and molding will make us an ideal partner foryou rotational moldings needs

Practical Innovation

Being inventive at work helps us think ahead and engineer products and solutions that enableour clients with better products

Efficient & Competitive

Be it our machines or materials, we practice Green and with over 20 years of experience in rotational moulding, we are always innovating for better solutions and techniques

Reliable Quality

Being in the market for decades tells a lot about us. We have in house design, tool making, samplingand testing facilities.

On Time Delivery

With main production facility at North India and subsidiary facilities at West India, we are nevertoo far from our customers. Excellent tie ups with renowned freight forwarders help us achieveon-time deliveries.

*Thanking you in anticipation,
Yours Truly,*
